Why MD?

Increase Sales

- Use as Point of Sale
 - Customers who participate are more likely to purchase
 - Sell more colored granites - 100+ available
 - Get more design approvals on the spot
 - Show customers why “that poem” won’t fit on “that” size of memorial and upgrade them to the size where it will
 - Easily show multiple options of artwork, layouts, sizes, colors, etc.
- Sell more add-ons like ceramic photos, vases, bronze emblems, glass inlays, etc.
- Sell more custom artwork or designs
- Sell remotely via email or text with simple export functions
- Sell more etchings with the ability to easily show and edit sandblast and etched designs in one program

Reduce Costs

- Prevent mistakes
 - Show finishes and engraving techniques
 - Manage customer expectations by eliminating line drawings
 - Integrations with other software
- Design in less time
 - Simplified interface
 - Buttons that combine 50 steps into 1
 - Cuttable files are ready in seconds
- Lower MSRP and upgrade costs than our competitors
- The only software suite you will need
 - Point of Sale
 - Cutting
 - Etching
 - Marketing (brochures, books, this flyer)
- No maintenance fees or dongles
- Works with newer, faster plotters
- Import/Export your own artwork
