

Cut Better

on your grinder, your radial arm machine
and your CNC Cutting/Polishing Center

Our New Low-Profile PadHead™
polishing & grinding head is better than ever!

Smoother Rotation

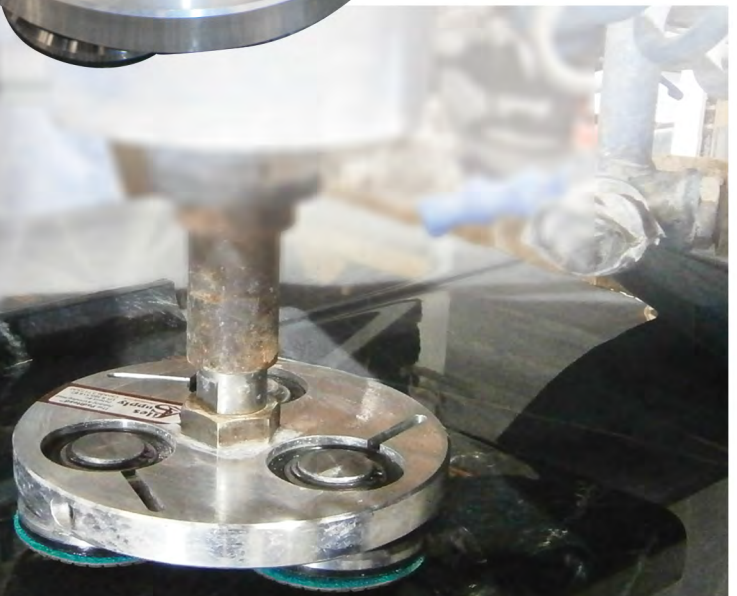

resulting from larger bearings
and this freer rotation allows

Faster Cutting

easier resistance of friction
applied to diamonds

Better Stability

lower, closer to work area

Miles Supply's patented

PadHead™

polishing & grinding head

Versatile. Revolutionary. The only head on the market using The Resistance of Friction principle.

New Low-Profile PadHead™ Model II
