Super Blast® Stationary Blasters by Empire

Designed for simplicity, safety, reliability, and performance, the Empire Super Blast® tanks are perfect for projects big or small. Contact Miles Supply to order the size you need.

Econo-Blast™ Portables by Empire

Econo-Blast portable tanks are compact pressure blasters that share many features of Super Blast. Ideal for spot blasting and detail work. This economical option has less grit capacity and smaller nozzles.

Econo-Blast™ Portables by Empire

*Media capacity is based on a bulk density of 100 lbs per cubic foot.

Super Blast® can be electronically connected to the Hirons Automatic Model J curtain, see page 22; when set number of passes are completed, the blasting process is automatically shut down.

The larger Econo-Blast models can be equipped with Empire’s patented Sure-Flo grit valve and 680 remote controls, which stops blasting the instant the nozzle is released, see page 25.

Model J Automatic Sandblaster by Hirons

Units are fully assembled and tested prior to shipment. 8' and 10' Models. Look for these features:

- Full range of speeds for independent horizontal and vertical motion, precise controls can adjust coverage during operation.
- Compressed air power continues movement to the end of the track, preventing media damage to the stone; power failures will not cause the nozzle to stop motion in mid-stroke.
- Viewing screen offers excellent visibility during blasting, and screen frames slide open to allow for easy stencil inspection.
- Sandhose connection inside the blastroom.
- Optional rubber curtain for manual work access.
- Can be electronically connected to the Empire Blaster. For automatic shut down after set number of passes are completed.

Sight Screen

Sight screens to protect curtain glass, provides excellent visibility:

AV00209 12" × 72" SS STAINLESS STEEL RL
AV00213 12" W BRASS BK 40/40 MESH FT
AA00087 HIRON SCREEN 1/2" MODEL J 16½" × 59½"
AA00088 HIRON SCREEN 1/2" MODEL J 16½" × 47½"

Brookies Blaster!

We combine a Marco personal air filter with a blaster—use less hose!

Sight Screen

Sight screens to protect curtain glass, provides excellent visibility:

AA00088 HIRON SCREEN 1/2" MODEL J 16½" × 47½"

**Click for Marco Metering Valve PARTS List.**

See “Brookies Blaster Cemetery Kit” on page 22.
Steel Shot Pick-up Unit
Steel Shot Elevator will eliminate shoveling and sifting, while also delivering clean shot to the shaping machine. The unit (28” round x 42” high) can be mounted on top of the shaping room, hung from overhead rafters, or mounted on legs either outside or inside the shaping room. Installation is simple and can be adapted to any shaping room. This unit will pay for itself in no time!

EA0001

Pick-up & Recovery Units • Ducting

StoneFlo Dust Collectors by Torit®
Torit Dust Collectors are designed with inclined cartridges and quick removal access covers for easier maintenance and filter change-out. The filter cleaning system lengthens the life you can expect from your filters. Control panel displays are user-friendly with color-coded operating and diagnostic information.

Filter Cartridges by Torit
Don’t forget to order filters! Patented EZ Ultra-Web filters, are one of many reasons Torit is the best name in collection systems. With filtration efficiency of 99.9% on particles less than 1 micron, you’ll be more than satisfied. Their light weight makes them easy to replace.

StoneFlo Workstations
DWS
DWS fits anywhere and applies NO restrictions to worker movements or visibility. Designed for in-plant areas where dirty and/or noisy operations are out in the open—grinding, sanding, chipping, batch mixing or welding.

StoneFlo Evolution DFE
A best-in-class dust collector capable of reducing equipment size and number of required filters by up to 40% compared to a typical cartridge collector. A smaller collector helps lower the initial purchase price, reduces filter replacement costs, and opens up valuable manufacturing floor space.

Miles Supply Abrasive Pick-up
Stop shoveling your sand into your tank and let our Abrasive Pick-up unit suck it up instead. Reasonably priced and quality craftsmanship are two features that set this unit apart from the competition. Includes a bottom screen.

EA0018
1000lb tank 10.68 cu foot with Jet & Head

Straight duct from 4 to 22 inches diameter.

Standard or custom inlet and outlet connections available.

Drops where you need them. Reconfigure without tools.

Easy Duct™
Easy Duct™ is easy to install. Requires no welds, no rivets and no screws. The components clamp together which eliminates time-consuming and costly joining methods. Easy Duct™ is not only quick, it’s also strong. Start with straight pipe in diameters from 4 to 22 inches and add fittings, branches, elbows, hoods and adaptors; with each connecting end having specially machined double rolled edges. Once the Easy Duct clamp (with its built in gasket) is snapped into place, the seal is strong and air tight enough for nearly all dust collection and solid-materiel conveying applications. It’s easy to connect to existing systems, and the clamp-together design allows for faster installation, clean out and system changes.

Equipment

Torit Dust Collectors

StoneFlo Evolution DFE
A best-in-class dust collector capable of reducing equipment size and number of required filters by up to 40% compared to a typical cartridge collector. A smaller collector helps lower the initial purchase price, reduces filter replacement costs, and opens up valuable manufacturing floor space.

Easy Trunk Fume Collector
Compact, portable, filters smoke, dust, and fumes from welding and grinding.

StoneFlo Workstations
DWS
DWS fits anywhere and applies NO restrictions to worker movements or visibility. Designed for in-plant areas where dirty and/or noisy operations are out in the open—grinding, sanding, chipping, batch mixing or welding.

Stationary Compressors

Kaeser Stationary & Portable Compressors
We offer Kaeser’s range of air compressors to meet your compressed air requirements. From Rotary Screw compressors to a complete AirCenter unit. Kaeser is known for their energy efficiency, low noise, easy maintenance, and reliability.

Atlas Copco Stationary Compressors
We also offer Atlas Copco’s compressors. Awarded for sustainability. Reliable, energy savings, and outstanding performance!

Equipment

AIRCENTER
Complete with compressor, tank, dryer and drain— all assembled into one compact, yet easily serviced unit. And you don’t need 3 phase power.

Portable Compressors

Portable Kaeser or ConX Compressors

Call Miles Supply, we’ll help you determine the compressor that suits your needs...
Also parts & maintenance kits.
Gold Band Nozzles & Holder

Miles Supply carries gold band nozzles with the solid carbide tubing, which will outlast traditional nozzles 10:1. Identical size makes conversion easy. Allows a deep shape carving and gives a design depth; very popular for doing roses in manufacturing facilities.

HAP Nozzles by Boride

Miles Supply’s system is revolutionary and unique for sandblasting. The “polyjacket” nozzle offers the same boron carbide inserts as other popular nozzles. The polyjacket coating makes the whole nozzle much lighter in weight. These nozzles have been proven for long life and are very cost competitive exclusively at Miles Supply. HAP Boron nozzle sizes available: 1/32 “, 1/16 ”, 1/8 ”, and 1/4 ”.

FAP Nozzles by Boride

Miles Supply’s system is revolutionary and unique for sandblasting. The “polyjacket” nozzle offers the same boron carbide inserts as other popular nozzles. The polyjacket coating makes the whole nozzle much lighter in weight. These nozzles have been proven for long life and are very cost competitive exclusively at Miles Supply. FAP Boron nozzle sizes available: 1/32 “, 1/16 ”, 1/8 ”, and 1/4 ”.

Ceramic Nozzles

Miles Supply carries a variety of ceramic nozzles for your sandblasting needs. Box of 50 or by the piece. Our popular sizes are: 1/32 “, 1/16 “, 1/8 “, and 1/4 “.

Carbide Shaping Nozzles & Holders

Miles Supply’s carbide shaping nozzles are long lasting for shaping and etching. Designed for intricate lettering and fine details. Solid carbide is much more cost effective! Some sizes as traditional ceramic shaping nozzles.

#2 solid carbide nozzle: 1/16” AV000105 and 1/8” AV000117 sizes

#3 solid carbide nozzle: 1/8” AV000106, 1/4” AV000107 sizes
Astro Sandblast Helmets

Astro A abrasive blasting Helmets are lightweight, robust, and economical. Parts are easily replaceable. Features include a removable head suspension for cleaning, visor strap keeps tension and is easy to use with gloves. Meets worldwide safety standards.

Apollo 20 HP Helmets by Clemco

Miles Supply recommends the Apollo 20 HP specifically for sandblasting; it protects the operator’s head, neck, shoulders and chest from ricochet abrasive while maintaining positive pressure inside the helmet with the incoming air. The box front window provides a clear, focused view and the lenses are economical to replace. The helmet is lightweight and is designed for use with compressed air systems.

Breathing Air Pumps by Bullard

Replacement filters sold separately.

Pumps do not require CO monitors and there is no need for an filtered air to the hood respirator of one operator. These air pumps do not require CO monitors and there is no need for an air compressor. Replacement filters sold separately. AA000120

Apollo 60 Helmet by Clemco

Comfortable respirator for general use. Double-shell construction, sound-deadening foam, and large window. NIOSH-approved, and protects against lead dust at concentrations 1000 times greater than the permissible exposure limit. For use with compressed air (HP Model) or air pump (LP Model).

Marco Personal Air Filter

The Marco 286 Airline Filters remove moisture, oil mist, particulates and odors from air supply lines when they are used with other compressed air precautions. Configure them to provide clean air to supplied-air respirators or pneumatic tools and systems. Stable, durable, and easy to use and maintain. AA00844

Saf-Stop™ Safety Switch

Empire’s patented Saf-Stop™ control device adds essential safety to any blasting operation by shutting down the system if the pneumatic control hose gets cut, cramped, or crushed. The control comes with a large, easy-to-manage handle protected by a guard.

Another control option, which can be added to the handle, is Empire’s exclusive Grit-Mizer™ device. With Grit-Mizer, the operator dials in the right grit flow for conditions by adjusting the air-to-grit ratio remotely from the handle. Grit flow can even be stopped completely for blow-off work.

Sure-Flo® Grit Valve

A key to the popularity of SuperBlast is the patented Sure-Flo grit valve and media regulator. The media path through the valve is straight down, assuring dependable flow. Abrasive media contacts only one part, a gum-rubber pinch tube. Not only is the tube exceptionally long lasting, it’s also inexpensive and simple to replace, meaning you enjoy more productive time and virtually maintenance free operation. Various tube sizes are available to precisely match your application.

The patented Sure-Flo Valve brings any blaster up to a higher level of performance. An unbeatable combination when teamed with Empire products.
**Staarblast**

Good for cemetery work. Finer in grit size than Staurolite, more suited for shape carving and lettering along with light dusting of materials other than stone. Grit is #60. Packaged in 50 lb. bags.

**Staurolite**

An expendable abrasive used for on-site lettering or shaping. Actual grit sizing ranges between 30-36 grit. Excellent for mobile sandblast units. Packaged in 50 lb. bags.

**White Lightning**

Ceramic abrasive lasts longer than standard Aluminum Oxide and is ENVIRONMENTALLY SAFE making it a great product for outdoor blasting. Granite and marble. Other grit sizes upon request.

**Aluminum Oxide**

LionBlast Abrasive is Miles Supply’s aluminum oxide. A great alternative to Aluminum Zirconia material. Packaged in 50 lb. bags. Grits: 36, 40, 46, 60, 120 grit.

**Steel Shot**

Rounded steel shot #70 is popular for its whitening effect and extremely long life; this material remains very efficient for most sandblasting duties.

**Steel Grit GFH**

Steeling abrasive GFH steel grit. GH or GFH always remains angular in its operating mix. Particularly effective in surface treatment processes.

**Tin Oxide**

Vertex grade Tin Oxide for final buffing of stone using felt buffing wheels. Sold by the pound.

**Silicon Carbide**

This grain is available for both polishing and sawing. Also used for Lapidary Rock Tumbling applications. 50 lb. bags & 300 lb. drums. We stock grits from 30/40 to 600 grits.

**Steeling abrasive GFH**

Steeling abrasive GFH steel grit. GH or GFH always remains angular in its operating mix. Particularly effective in surface treatment processes.

**EcoBlast GMA**

80 grit GMA is popular with waterjet stone cutting machines.

**Glass Beads**

Ballotini Impact Beads or Potters Glass Beads

For metal cleaning, metal finishing, peening and deburring. Packaged in 50 lb. bags.

**1 TX Abrasive for Metal Working**

10X PERFORMANCE ABRASIVES for sandblasting metal. Faster and more effective than other premium abrasives.

10X outperforms the competition, working on powder coatings, epoxy, mill scale, polyurethanes, thermoplastic, damaged specialty coatings, and even paint racks with multiple coatings. If you've got a tough job, 10X is up for the task. Cost-effective & safe.

AC0055 80 grit GMA
AC000215 46 grit GMA
AC000217 60 grit GMA
AC0055 80 grit GMA

**Aluminum Oxide-Fine Grit**

by Washington Mills

Grits available: #500, 600, 12.5, 14.5, 15.5, 19.5, K5, 180. All packaged in 300 lb. fiber drums. Smaller quantities available upon request.

**Acrylic Powder**

White Lightning Acrylic Powder is ideal for whitening panels. Sold by the pound.

**White Lightning**

Acrylic Powder is ideal for whitening panels. Sold by the pound.

**Tin Oxide**

Vertex grade Tin Oxide for final buffing of stone using felt buffing wheels. Sold by the pound.

**Synter Powder | Marble 5 Extra**

For marble polishing. Sold by the pound.

**Buffering Powder**

Economical A-2 Microcrystalline Powder is used for final buffing of stone using felt buffing wheels. Sold by the pound.
Anchor Stencil
by IPG (Intertape)

Style 111  For hand cutting. White release liner.
AM000002 - AM000007

Style 123  For machine cutting/less wear on dies.
AM000004-AM000005

Style 124  Like #123; blue liner. Gerber configuration. Film between adhesive & rubber.
AM000026-AM000031

Style 129Y  Yellow backing. IBM pattern cutters
AM000037-AM000040

Style 154  Like #124. Holes are IBM configuration.
Style 154Y  Treated to enhance cut line visibility.
AM000045-AM000050

Anchor Filler
Filler 211  Specifically formulated to produce superior results with stencil styles #111, #112, #117, & #157.
AM000142

Filler 223  Specifically formulated to produce superior results with #123, #124, #124PC, #154, & #154PC stencils.
AM000143

Stencil Rollers

Tracing Paper
13.5 lb. tracing paper available in 26" wide rolls.

Carboff Paper
Also called rubbing paper, for taking impressions of shaped carvings, designs and inscriptions. Available in 26" wide rolls.

Carbon Paper
Used for transferring lettering onto tracing paper. 26" x 36" is available. 5 sheets per roll.

Stone Tone Paints

Miles Supply’s shadow paint is especially formulated for the stone industry and is the most advanced. Testing was conducted by spraying granite samples, which were then placed in a humidity cabinet. The 4 hour test cycle of condensation and 4 hours of drying was repeated continuously for over 1,000 hours for Stone Tone, and over 800 hours for the competitive product. The result was no visual change in the coating appearance of the granite sprayed with Stone Tone, while the competitor’s product began to blister after fewer hours. This is a definite improvement in quality.

Available in aerosol, quarts, and gallons in popular colors.

Part #s for aerosol sizes are:
- AK000143 BLACK SHADOW
- AK000144 CLEAR
- AK000146 HILITE
- AK000149 GRAY
- AK000157 GREY SHADOW

1234567890

**Call Miles Supply for the stencil and filler/ filler tape that best suits you.**

Also ask about our pre-cut stencil service for cemetery lettering.

VT: 800.396.8049 GA: 888.283.5863 PA: 888.278.8383 MN: 800.789.0815 TX: 844.883.4108
**Stencils & Etching Supplies**

**Miles Supply SANDBLAST**

**Miles Supply K-Gun**
Ideal for applying an even coat of paint to stone. 3 cfm of air at 90 PSI. Circular spray pattern ranges from 1/2” – 3/4”, depending on the pressure setting, viscosity of material and distance held from work piece. Nozzle is adjustable for volume of material. Caps fit any standard mason jar. AK000024

**Auto Hammer by Danair**
Pneumatic hammer is an effective method for applying stencil to stone; eliminating lifting of stencil. Operates between 60 and 125 PSI. Air requirement is 2-4 CFM. We carry the soft plastic (blue) Tips. AT000144 - FOR HAMMER

**Dremel Etching Tool**
Miles Supply carries the Dremel Etching tool, which is preferred by many. This economical etching tool is available with different points and has five speed settings.

**Airmite Paint Gun**
AK000148 AIRMITE PAINT GUN AA000025 AIRMITE PLASTIC JAR AA000026 AIRMITE Additional GLASS JAR

**Glue Jars Metal & Plastic**
Choose between the traditional metal jar with 2” applicator brush or plastic glue jar with 1” brush. Extra bottles and extra brushes for Plastic glue jar sold separately:

AA000024

**Rubber Mallet**
AS000225

**Setting Bars**
Miles Supply setting bars are made of 1¼” steel square stock. Need it made just a little different? No problem, we can special order any size with just about any specifications you’re looking for.

**Setting Cushions**
Grey PVC setting cushions vary not only in size, but also in thickness. Offers more than enough compressive strength for your application. Common sizes are 1” square by 1/4”, 1/2”, and 1/4” thick.

**Name Plates**
Metal plates available flat or bent-shaped; choose an imprint style and a standard length; 2”, 2-1/2” or 3”. Identify your craftsmanship in the cemetery. Inexpensive plates will pay for themselves! Order form available on website.

**Stone Pro Setting System**
The Original Stone Pro Setting System. The unique setting tool is fast and easy to use and does not require any tools for adjustments on stones from 6”-12”. The tool will pay for itself as you recognize the time and cost savings. AR00016

**Wedge Lead**
Still popular among setters, wedge lead is used to avoid joint compression on setting compounds.

**For more setting, also see page 32 and for slings on page 33**
**Epoxy • Setting**

**CP Bond Epoxy**
Use CP Bond to permanently bond a monument to its base and to repair broken tablets, monuments and marble. CP Bond is better suited for vertical surfaces due to its thicker consistency that will not run. Widely used for the assembly of mausoleums. Miles Supply stocks 250 and 500 gram kits, but can special order 2, 3, 4, 5, or 8 lb. kits. Entire contents of the kit must be mixed at the same time. 250 gram kit will set up to 3 standard size monuments, and a 500 gram kit will set up to 6 standard size monuments. Working time: approx 4 - 6 hours (under 50°F increases tack time; above 100°F decreases tack time). 24 hours for full cure.

AG000084 EPOXY 70 GRAM KIT
AG000087 500 GRAM KIT

**Barre Pak Epoxy**
Barre Pak- the special epoxy designed expressly for the stone industry. Use to permanently bond a monument to its base and to repair broken tablets. Easy to use; pre-measured and mixed in its own container with no mess! A great solution for safety and to deter vandalism. 70 gram kit will adhere an average monument (3’ x 2’ 6” x 8”) to its base. Working life: Approx 1 - 1 1/4 hours (under 50°F increases tack time; above 100°F decreases tack time). 24 hours for full cure.

Steel & Polyester Strapping

Polyester Strapping
Plastic saves up to 25%, is easier to dispose of and can be recycled! Moisture and UV resistant. We stock 1/8” x .028 and 5/8” x .035; other sizes available.

Steel Strapping
Miles Supply offers a wide variety of seals for both manual application and for use in semi-automatic tools where a sleeve of seals is loaded. The open end type is our most popular.

Plastic Strapping Tools & Seals
All the tools you need for your polyester plastic strapping, including metal seals.

Polyethylene
Miles Supply has polyethylene for your packaging needs. Our polyethylene comes in .002 mil thickness to protect your finished stone.

AD000081 18” ROLL
AD000082 26” ROLL
AD000084 30” ROLL
AD000085 38” ROLL

Stretch Wrap
Available in 18” x .80 gauge, this stretch wrap has become popular for crating purposes. Sold by the roll or in a case of 4 rolls.

AD000185

Fiber Board
Our fiber board (shown left) is a fold and tuck system for packing all sizes and shapes of dies and bases. 30 different sizes for dies, bases and grass markers.

Vacuum Suction Cups
Contact Miles Supply for the sizes and lifting capacity you need.

Miles Supply Hand Carts
We modified the popular hand cart from suggestions made by many users. The cart now has better axle position to give you more leverage during operation. Miles Supply also repositioned the cross bars to allow an opening for better access when handling monuments during setting. This very useful monument cart has the standard dual wheels and hand brake. AR000060

Carts without brakes and with different wheel configurations are also available. AR000062

Suction Cups
Sold individually or as a pair AL000121; great for clamping down a straight edge. Also suction cup alone AL000122.

V board
12’ cardboard, protects edges. AD0031

Pendants
Overhead crane pendants for your indoor or outdoor applications. Available in 2, 4, 6 or 8 button models.

Handling & Shipping

Edgeboard and Edge Protectors
Edgeboard is made from layers of paperboard that are glued, treated and formed into a rigid right angle. Edge protectors are plastic and provide more durable protection. Available in various lengths and calipers.

Plastic Strapping Sealer

Steel Strapping Sealers/Tensioners

Steel Strapping Seals
Miles Supply offers a wide variety of seals for both manual application and for use in semi-automatic tools where a sleeve of seals is loaded. The open end type is our most popular.

V board
12’ cardboard, protects edges. AD0031

Wax Coated Cardboard
Wax coated corrugated cardboard (at right) 84” x 19½” in bundles of 250 sheets. Ideal for shipping uses when a carving or specialized surface needs to be protected.

AD000072

Plastic Strapping Tensioner

Plastic Strapping Tools & Seals
All the tools you need for your polyester plastic strapping, including metal seals.

Plastic Strapping Tools & Seals
All the tools you need for your polyester plastic strapping, including metal seals.
### Handling & Setting

**Monument Lifter**
Miles Supply offers Aardwolf lifters, including this GPM-1000 clamp lifter for handling stone monuments and slabs. Grip range: 0 – 1´ 4-7/8˝ Working load: 2205lb. EA1093

### Vacuum Lifters
We offer the Vacuum Lifting Company’s complete range of self-powered FLT mounted or crane mounted vacuum lifters for handling concrete, stone, marble, granite, slabs, panels. Capacities from 100kgs up to 50000kgs. (up to ~110,231 lbs) Single pads, multi-pads, radio control, 90° or 180° tilting. No installation required.

### Aardwolf Slab Lifter
An accessory for lifting and moving slab-form loads. The Aardwolf Slab Lifter incorporates a spring-loaded latch that automatically releases the lifter from the slab once the slab has been fully lowered to the ground. This makes the process of lifting and lowering of slabs a one person operation.

### Sling Bar
Complete with pipe rollers and washers, the sling bar has a 3 ton capacity on inside rollers and 1½ ton capacity on outside rollers. Miles Supply can also have sling bars custom made for your particular application. Shown above is AL000090.

### Sling Yokes - 15”
*A’sling yoke with shackles & rollers has a 4 ton capacity AL000095. Sling on right is for light duty AL000092.

### Chain Slings
We can create custom chain slings with your specifications. Contact Miles Supply to determine the kind that suits your needs.

### Chain Sling Inspection & Repair Service
We offer chain safety inspections, repairs, and new custom-made stone handling slings in chain, nylon, and cable.

### Vacuum Lifting Company’s Range
No installation required.

### Diamond Handling
**1" and 2" Straps With Cordura**
Straps have a cordura wear strip sewn around the inside to decrease wear and give the strap extra grip on surfaces.

### Safety & Carbide

Tools
Misc
**Carbide and Steel Bullsets**

Miles Supply offers both carbide and steel bullsets, which are available in standard sizes of 8 lb and 10 lb with a 24" hickory handle.

**Carbide Hand Tools**

These high impact carbide tools will do the job of stonecutting as a hand tool and will wear very conservatively. Miles Supply offers a broad range of hand tools with different shapes of carbide on the head and different head widths. We also retip these carbide tools with a 2 to 3 week turnaround time, for a reasonable fee.

**Machine Chisels**

We carry a variety of pneumatic machine chisels, ranging from ½" in width to 1½". Popular sizes:

- AFO00036 CHISEL MACHINE ½" x ½"
- AFO00047 CHISEL MACHINE ⅛" x ½"
- AFO00030 CHISEL MACHINE ⅛" x ¾"

**Carbide-tipped Bushing Chisels: 4 points & 9 points**

Solid carbide tipped points are manufactured for desired finishes and available in different sizes. Popular sizes include:

- AFO00087 9 POINT 3/8" x 1/2"
- AFO00088 9 POINT 1/2" x 1/2"
- AFO00089 9 POINT 5/8" x 1/2"

**Plug Drill Bits**

Miles Supply offers a wide variety of plug drill bits available with either 3-1/4 or 4-1/4 Hex shanks. Popular sizes:

- AFO00146 BIT PLUG ⅜" x ⅞" 9-DD
- AFO00148 BIT PLUG ⅜" x ⅟&quot; 6-DD
- AFO00016 BIT PLUG ⅝" x ⅛" 6-DD

**Action Markers 44**

Permanent ink markers with felt tips are disposable.

- AQ000033 BLACK
- AQ000034 RED
- AQ000035 ORANGE
- AQ000036 WHITE
- AQ000037 YELLOW

**Marking Devices**

**Mechanical Pencils**

Miles Supply stocks these popular pencils that are used with grease lead for marking on wet, polished stone. In lead colors for distinguishing the steps of production. AQ000051

- AQ000071 LEAD BLACK
- AQ000072 LEAD RED
- AQ000073 LEAD WHITE
- AQ000074 LEAD YELLOW

**Carpenter Pencils**

The Dixon 977-H hard lead carpenter pencil is available in boxes of 12 pieces. AQ000062 HARD 12/PK 977-H

** TERMS **

** CREDIT **
All orders will be shipped C.O.D. unless credit has been approved or the order has been prepaid by either a credit card, money order or wire transfer. All first time orders over $200 must be paid by bank check or money order.

** RETURNS **
A return merchandise authorization (RMA) number must be issued by Miles Supply before an item is to be returned. Miles Supply will not accept collect shipments on returns unless they have been pre-authorized. A 15% restocking fee may be applied to all returns. Authorization for returns must be made within 45 days of receipt of the order. No returns on special orders. All defective merchandise is subject to Vendor’s inspection.

** RETURN FOR REPAIR OR REPLACEMENT **
Miles Supply is limited to a manufacturer’s warranty specifications. In certain cases, we may not be able to either issue an immediate credit or warranty repair until the manufacturer gives approval. Misuse is beyond our control and may ultimately void the manufacturer’s warranty.

** TAX EXEMPT **
Completed tax exempt forms must be presented prior to, or at the time of sale. Tax refunds will not be honored after the sale has been processed.

** LIABILITY **
Miles Supply, Inc. (hereinafter collectively referred to as Miles Supply) hereby state that all products, merchandise and equipment sold and delivered are sold with NO warranties, express or implied, including any warranties of fitness or suitability for a particular purpose. Except Miles Supply shall honor all manufacturer’s warranties, if any, for the replacement of defective products, merchandise or equipment. Such replacement shall be made according to the manufacturer’s terms and specifications. Miles Supply shall not be liable for any loss, damage, or injury, whether direct, consequential or incidental arising out of the use or inability to use such a product, merchandise or equipment. Buyer bears sole responsibility for determining the suitability of the product, equipment or merchandise for its intended use and hereby assumes all risk and liability for its selection and use and agrees to hold Miles Supply harmless therefrom. No modification of this limited warranty shall be effective unless made in writing and signed by a duly authorized officer of Miles Supply.
